

Argentinian Parrilla Grill

316 Stainless steel

RRP: \$3999

LPC1200

Features & inclusions

Insulated opening door

Our integrated insulated door is designed to reduce heat transfer on the front surface while maintaining optimal heat retention within the parrilla hot box, ensuring consistent cooking temperatures, improved energy efficiency, and enhanced durability for exceptional performance

Elevating rotisserie function

Experience ultimate grilling convenience with our rotisserie function, featuring an intuitive adjustment wheel that lets you effortlessly modify the height without touching the rotisserie—delivering precision cooking with safety and ease

Hot box slide drawer system

Light charcoal or wood effortlessly with our innovative hot box, and enjoy the convenience of a sliding floor that makes transferring coals to the grill quick and hassle-free—perfect for an efficient and enjoyable grilling experience

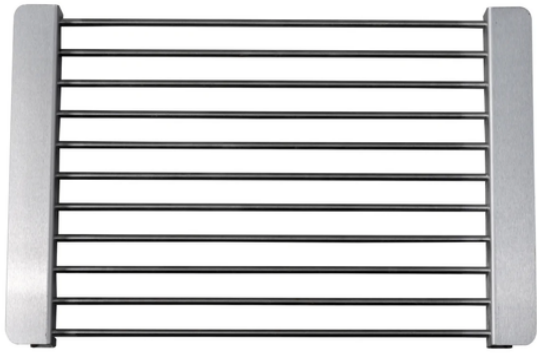

Insulated fire brick floor

Our high quality insulated floor system is designed to prevent heat transfer to your benchtop, providing superior temperature control, enhanced durability, and improved energy efficiency for long-lasting performance.

Removable grill plates

Crafted from premium 316 stainless steel, our parrilla grill features an innovative interchangeable grill system, allowing you to seamlessly switch between a hot plate and grill plate. This versatile design provides ultimate flexibility for all your cooking needs, delivering professional-grade performance with ease and durability built to last

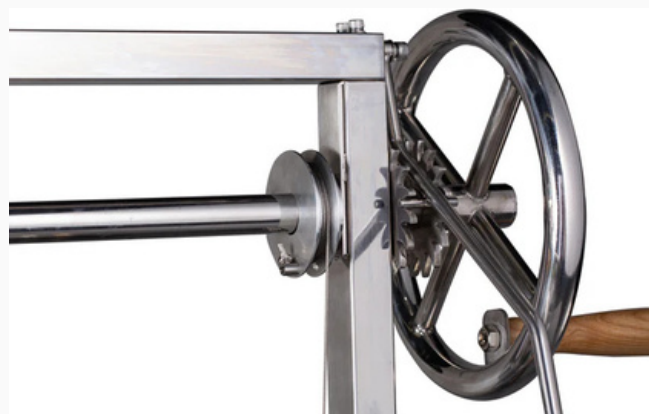

Warming Rack

The warming rack offers versatile functionality, allowing you to use surfaces at varying heights to keep food warm or cook at different temperatures. Perfect for managing multiple dishes at once, this feature adds precision to your cooking experience, making it easier than ever to achieve perfect results

Dual gear parrilla system

This innovative feature allows you to effortlessly raise and lower the parrilla grill with smooth, controlled motion. The dual gear gravity lever ensures automatic locking, keeping the grill securely in place as you turn the adjustment wheel

Anti tangle pulley system

Say goodbye to uneven lifts and tangled wires with our Anti-Tangle Pulley System. Designed with dual pulleys on the rail, this system ensures the wire moves smoothly and evenly every time you adjust the grill height. By keeping tension balanced, it reduces the risk of tangling, providing a hassle-free experience and long-term durability

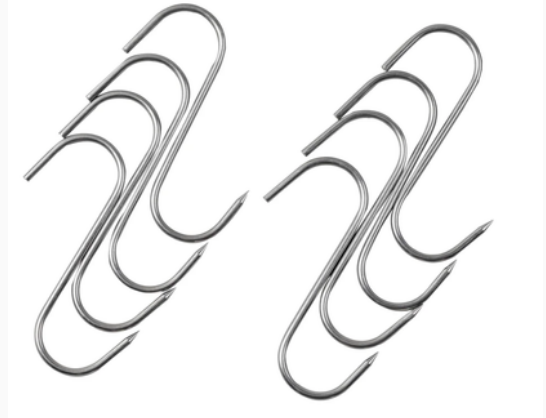

All stainless steel construction

Our parrilla is crafted from premium 316 stainless steel, offering superior advantages over traditional steel. Unlike regular steel, 316 stainless is highly resistant to rust, corrosion, and heat damage, ensuring long-lasting durability even in the toughest conditions. Its non-reactive surface makes it ideal for cooking, as it won't affect the flavour of your food or warp under high temperatures. With minimal maintenance required, 316 stainless steel provides a sleek, modern finish that stands the test of time, making it the ultimate choice for reliability, hygiene, and performance

Hanging hooks

Our heavy-duty 8mm hanging hooks are built to last, designed to effortlessly hang meats and vegetables for cooking or keeping warm. Perfect for creating authentic flavours and maximizing cooking space, these durable hooks add versatility and functionality to your parrilla setup

Parrilla Tool set

The unit comes complete with a 2-piece tool set, featuring a durable coal shovel and a versatile coal hook/mover. These essential tools are designed to make managing your coals effortless, allowing you to adjust, move, and maintain your fire with precision for perfect cooking conditions every time

Argentinian Parrilla Grill STAND

304 Stainless steel

RRP: \$1599

LPC1200S

Features & inclusions

Heavy Duty Wheels

Our stand is equipped with heavy-duty wheels designed for maximum durability and convenience. Featuring two fixed wheels and two rotating wheels with a robust brake system, it provides stability and effortless maneuverability. The non-marking wheels ensure smooth movement without scuffing or damaging your surfaces, making it a practical and reliable choice for any setting

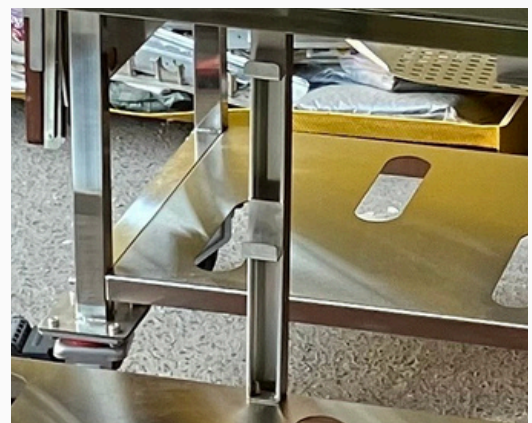

Fold out side tables

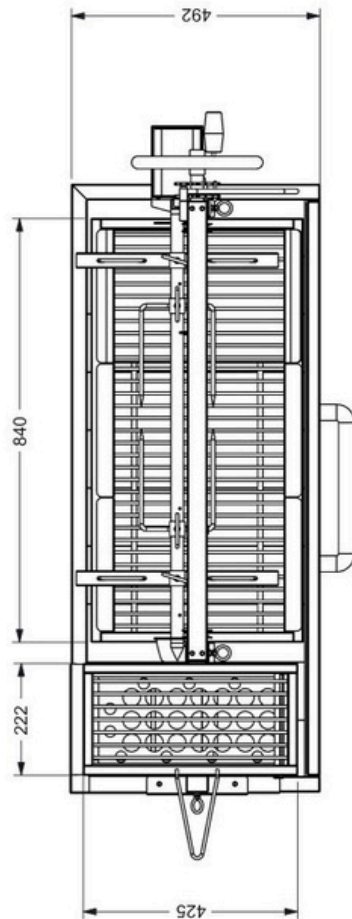

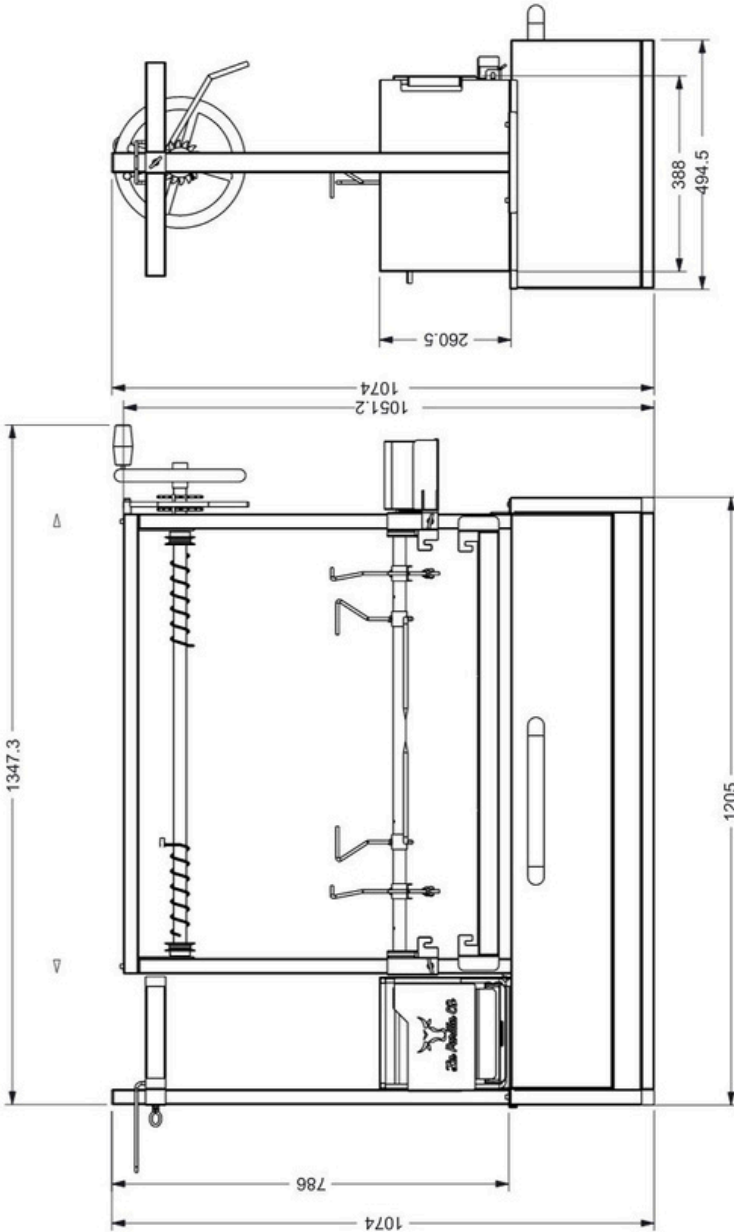

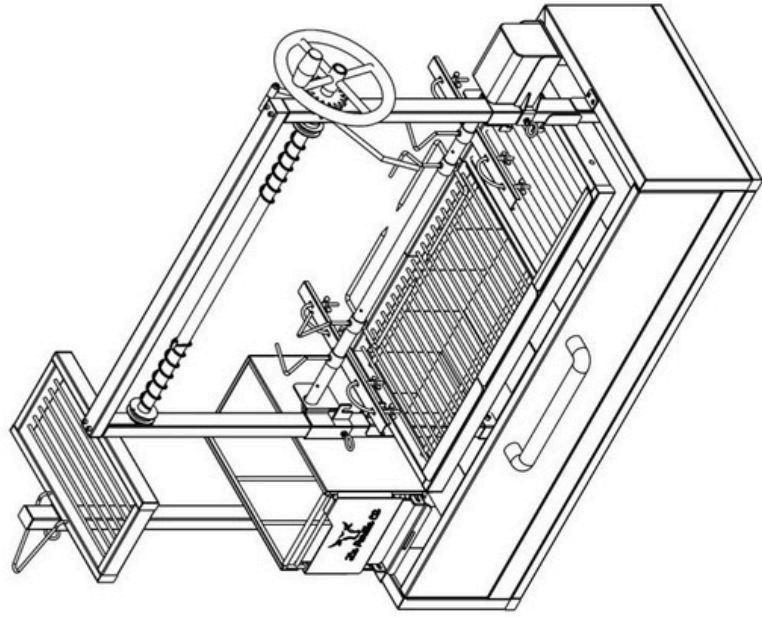

The stand features specially designed fold-out side tables with slide-out hardwood cutting boards for added convenience. Crafted from durable, long-wearing ebony wood, these cutting boards can be used both in and out of the stand, providing a versatile workspace for preparing ingredients or serving directly from your parrilla

Easy assembly & tool storage

Our stand is designed for effortless assembly, with all necessary tools included for your convenience. The stand also features a built-in storage space to securely hold and organize the provided tools, ensuring everything you need is within easy reach for a seamless setup and cooking experience
